Quarterly Review of Accounts

To ease the burden of performing the audit for the whole year, we provide a review of accounts every quarter which saves time to finalise the statutory audit at the accounting year-end and gives an up-to-date position of the company to management and banks. Moreover, quarterly reviews allow errors to be corrected quickly and provide suggestions for improvement to the management on a timely basis.

HR & Payroll services

The sensitivity and confidentiality of details such as salary, annual leave, leave pay, discretionary bonus, MPF, salary forecast etc., make it advisable to outsource HR & Payroll services to an independent & professional consultant. Moreover, the business owners and directors can spend more time concentrating on consolidation, expansion and diversification of their businesses.

We have an experienced team of professionals who can assist in this regard. For further details, please contact us at hr@rjacpahk.com
